

# LOWCOUNTRY OVARIAN CANCER ALLIANCE

## WHO WE ARE

The Lowcountry Ovarian Cancer Alliance was founded by gynecologic cancer survivors, healthcare professionals, healthcare students, and caring community members.

### United by a shared mission, we are:

- Working toward a cure
- Providing meaningful support to local gynecologic cancer patients
- Increasing awareness of ovarian cancer in our community

*We believe no woman should walk this journey alone.*

### 1 Lunch Bunch

A monthly luncheon at area restaurants hosted by LOCA. A time for patients and survivors to connect, share experiences, celebrate victories, and build lasting friendships. Open to all gynecologic cancer patients and survivors in the Lowcountry.

### 2 Teal Totes

A thoughtfully prepared bag of necessities gifted to women at the beginning of treatment following a gynecologic cancer diagnosis. Each tote is a reminder that support surrounds you from day one.

### 3 Caregiver's Lunch

A quarterly gathering for loved ones and at-home supporters of ovarian cancer patients and survivors. A safe space to share experiences and strategies for caregiving.

## OUR PROGRAMS

### 4 Survivors Teaching Students®

An initiative in partnership with the Ovarian Cancer Research Alliance. This program brings ovarian cancer survivors and caregivers into medical education classrooms to educate future healthcare providers. Students learn directly from survivors about diagnosis, treatment, and survivorship.

### 5 Advocacy & Research Support

Community fundraising events throughout the year, financial contributions to gynecologic cancer research, and ongoing awareness efforts across the Lowcountry.

## OUR MISSION

**Support. Awareness. Research. Community.**

Together, we are working toward a cure while caring for women and families right here at home.
